CUSTOM-BUILT STAIRCASES FROM **WESTCOAST MOULDING & MILLWORK LIMITED**

A PROUDLY CANADIAN COMPANY, WESTCOAST MOULDING IS AN INDUSTRY LEADER AND THE SOURCE FOR PREMIUM QUALITY FINISHING PRODUCTS, CUSTOM-BUILT STAIRCASES, STAIR PARTS, CUSTOM MILLWORK, CNC MACHINING, AND EXPERT KNOWLEDGE-BASED SOLUTIONS.

At Westcoast Moulding STAIR DIVISION, we specialize in a range of custom Staircases, including free-standing curved, straight, and cost-effective plywood stairs and custom stair parts. Traditional or modern-contemporary, our experienced craftsmen and technicians design and build to your exact specifications and applicable building codes, guaranteeing a premium-quality custom Staircase.

Our 6-step stair-build process includes accurate on-site measurements, rigorous attention to detail, and thorough communication throughout the build process. We render plan view and in 3D to ensure the scope of your project is clearly understood and accurately quoted. Ensuring efficient on-site installation and quality control, all Westcoast Staircases are assembled in our state-of-the-art temperature-controlled Stair Shop.

Combining the latest in CAD and production technology with traditional craftsmanship, we build every Staircase to exceptionally high standards complete with the details that make it truly unique. A Westcoast Staircase is the perfect home-finishing feature to include in everything from multi-family building projects to the finest designed detached homes.

Contact us today and speak with a Product Expert to get started on your Signature Westcoast Staircase.
