# DISCOVER THE POSSIBILITIES WITH WESTCOAST CNC DIVISION

## CUSTOM 3 & 5-AXIS CNC MACHINING

WITH THE KNOWLEDGE, EXPERIENCE, AND TECHNICAL CAPABILITIES TO MANUFACTURE EVEN THE MOST COMPLEX PROJECTS, THE WESTCOAST CNC DIVISION LEADS THE WAY IN PROVIDING PRECISION CUTTING-EDGE CNC MACHINING.

Working with hardwoods, plywood, MDF, plastics, aluminum 6061 or 5052, urethanes, EPS, & PVC, the Westcoast CNC team can craft virtually any design, irrespective of its complexity.

Whether you're envisioning elegant arches, graceful ovals, intricate ceiling details, custom cuts from our extensive sheet inventory, custom wall panels, corbels, or radius wood crown moulding, we have the state-of-the-art technology, experience, and expertise to make it happen.

Included here are a sampling of projects and products, all available through WESTCOAST CNC DIVISION for order, in addition to New Custom Designs, developed with our team.

## STAND-ALONE DESIGN & RENDERING SERVICE

Design services are included with all custom CNC Millwork projects, and are offered as a stand-alone solution. Our Design Team specializes in providing production ready or conceptual 2D drawings, 3D models and realistic product renderings.

We welcome projects from all industries and look forward to helping you visualize your designs. Contact a Westcoast Product Expert to get started on your project.
